

GET \$7,443 BY NOON HOUR

FOOD HOGS GET \$250,000,000 IN FIVE MONTHS

Bread Twenty-Five Percent Cheaper in England Than in United States Says Hoover

SPECULATION IN ALL LINES RUNS RAMPANT

Friends of Lever Regulation Bill Deny It Will Establish a Food Dictatorship in America

Washington, June 19.—Food speculators have been taking fifty million dollars a month for the last five months—a total of a quarter of a billion dollars—from the American people, Herbert C. Hoover told senators today in explaining the purpose of the food control bill now before congress.

Mr. Hoover outlined the question of food supply. The real question, he said, preliminary to senatorial questioning, is "whether the shortage will continue next year, and what will be the needs of the Allies and America."

Allies Need Food. "The Allies are dependent upon North America for the vast majority of their imports. We should be able to supply 60 per cent of what they require. The other 40 per cent must be made up by further denial on their part and saving on ours. We can increase our surplus. The situation for them means increased privation. Without adequate food supply no European population will continue to fight, and we shall find ourselves alone against Germany."

Revolution a Food Riot. "The Russian revolution was a food riot and even yet that ally is temporarily paralyzed."

Turning to domestic conditions Mr. Hoover said this country has been experiencing "unprecedented prices and rampant speculation," reciting how middlemen and other persons in the distribution process have been purchasing increasing supplies to avert international shortages.

Cities Canning Trade. Mr. Hoover cited the canning trade as an example where the entire output of vegetables and fish for 1917 have been disposed of already before it has even reached the canneries. He predicted further high prices.

"Thousands of men," he said, "who hitherto have not owned a dollar's worth of food supplies, are now speculating. The average price in countries where food control is in effect is lower than in the United States. In England the price of bread is even 25 per cent below the price we pay. I believe, unless some administration of our food is taken, we will look back at these prices as being moderate."

He denied the bill would establish a food dictatorship. Disclaiming entirely that the bill set up a food dictatorship, Mr. Hoover told senators its purposes were to organize the resources of the country and the people themselves into a food administration to limit the middlemen's commission and prevent extortion.

Flour Should Be \$9. "With righteous manufacturers and distributors," he said, "the price of flour should not have been over \$9 a barrel, yet it averages \$14. In the last five months \$250,000,000 has been made in excess of normal profits."

Not a single national trade association, Mr. Hoover told the senators, is opposed to the food control bill. The prospective food administrator went to the senate today to explain the bill in the hope of allaying opposition.

To Stabilize Prices. "Provision for the government to buy and sell commodities will be used as to a very few prime commodities," Mr. Hoover said. "The aim is to stabilize prices and thus eliminate speculation. The balance wheel for stabilizing of prices is gone. We need an artificial balance wheel. By setting up a wheat commission we can buy wheat, regulate its storage and transportation and handle it until exported or sold here. If we don't do this wheat prices may relax on account of our not being able to store and carry it, with speculators procuring the sole benefit, and farmers bearing the loss."

"We can contract tomorrow with the Allies for a certain return for every bushel of wheat we can sell. By controlling prices at interior terminals, we can insure millers their supplies and simplify transportation."

Nick Carter Charged With Keet Murder, Arrested in Kansas

Hutchinson, Kan., June 19.—An announcement was made by the police here today that they had arrested Nick Carter of Springfield, Mo., against whom a warrant charging first degree murder has been issued in connection with the death of Baby Lloyd Keet.

30,000 Poles Are Hung by German Order

Announcement Causes Uproar in Vienna Parliament Ending in Riot

PAN-GERMANIST MOBBED BY SLAV MEMBERS

Zurich, June 19.—The Polish delegates have declared in the Vienna parliament that more than 30,000 Poles have been hanged by order of the German authorities, according to the Vienna Arbeiter Zeitung. Deputy Streibner also described the abdominal treatment accorded political suspects, whereupon the pan-Germanist deputist Heine shouted: "They have not used rope enough, all of them ought to have been hanged."

At these words all of the Slav and Polish members rushed upon Heine and the president was obliged to suspend the sitting in the midst of tremendous uproar.

FRENCH ACTIVE BUT LULL ON BRITISH FRONT

General Petain Strikes German Lines in Region of Champagne

GENERAL HAIG REPORTS ONLY MINOR RAIDS

There has been a lull in the severity of the fighting on the British front in France and Belgium. All along the line occupied by the French, however, renewal of activity is noted. General Petain struck the German line in the Champagne region yesterday a blow which netted the French a trench system of a third of a mile in length in an important sector. The French line was thereby straightened out along the hills between Mont Carminet and Mont Blond, in a territory vital to successful observation work. Last night a violent attempt was made by the Germans to recapture the lost positions. After a heavy bombardment an attack in force was launched. The French guns broke it up, causing the Germans serious losses.

Sein Finn Riots Resumed in Dublin

Dublin, June 19.—Several demonstrations were held last night in connection with the return to Dublin of the released Sinn Feiners. Two men climbed the walls of the ruined post office, on which they tied the Sinn Fein flag. The crowd sang the Sinn Fein song, and amid great cheering tore down recruiting posters. The police did not interfere until about 2 o'clock this morning, when two demonstrators were arrested and charged with breaking into the postoffice and setting fire to timbers. The police later dispersed several marching bands.

The provisional executive of the Sinn Fein has decided to demand passports for three of its members to proceed to the United States for the purpose of opposing the object of Irish party missions there.

No previous word had been received that an Irish mission was to come to the United States.

FIFTEEN ENLISTED.

Minneapolis, Minn., June 19.—The navy enlisted 15 men from Minnesota and North Dakota at the Minneapolis recruiting station yesterday.

Congress Working Hard To Bring War to Victorious Close Says Champ Clark

Valley Forge, Pa., June 19.—Speaker Champ Clark, formally presenting the Washington Memorial arch to Pennsylvania at a celebration here today, paid a tribute to Washington's headquarters in the winter of 1777-1778 as "the most famous encampment on the surface of the globe."

He eulogized George Washington and praised free government and declared congress is doing its whole duty toward bringing the war to a triumphant conclusion.

Taking up the cudgels for congress, Speaker Clark declared that body represented the will of the people, and will grant what the people want as soon as it ascertains they want it.

DROUTH IN GERMANY BURNS GRAIN CROPS

Unprecedented Heat Wave Threatens to Decrease Yield Over Empire

HOTTEST JUNE FOR SEVENTY-YEAR PERIOD

Prospects for Rain or Lower Temperatures Reported to Be Very Slight

Copenhagen, June 19.—Throughout Germany, according to reports here, all valuable grain crops are burning up, similar to the condition in 1915, in an almost unprecedented heat wave. Prolonged drouth has not been broken since early in May. Berlin on Sunday experienced the hottest June 17 on record in the 70 years of the weather bureau. Tropical temperatures were also reported west of the Oder river. The weather bureau states that prospects for rain or lower temperatures are very slight. The effect of the drouth on grain crops around Berlin, where only eight millimeters have fallen since May 1 is described by the bureau as almost a catastrophe.

NORTH DAKOTA RETAILERS IN SESSION TODAY

Annual Convention of State Association Opened at New Rockford This Morning

LADD TO DISCUSS PURE FOOD AND THE MERCHANT

New Rockford, N. D., June 19.—Hundreds of retailers from all parts of the state have been pouring into New Rockford during the last 48 hours for the annual convention of the North Dakota Retail Merchants' association, which opened this morning and will continue until Thursday evening. One of the program is President A. W. Patterson of Leith, N. D.; Mayor G. J. Schwoebel of New Rockford, O. L. Schultz of the Twin City Commercial Bulletin, Secretary R. D. Hickman of Grand Forks, Treasurer John Chisholm of Donnellybrook and other prominent merchants. Two interesting topics discussed this morning were: "The Central Delivery System," led by T. A. Cagan of Graton, and "The Credit Problem," by M. A. Johnson, Michigan, N. D.

Dr. E. F. Ladd, president of the North Dakota Agricultural college and state chemist, Wednesday will discuss the relation between the merchant and the work of the pure food department. And a representative of Armour & Co., will talk on the grocer and the farmer. Thursday M. E. Smedby of the Smedby school, Minneapolis, will take up window dressing, and W. E. Small, superintendent of the St. Hilaire Lumber company at Grand Forks, will discuss "Does It Pay the Retailer to Tie Up with Nationally Advertised Goods." The selection of the next convention city will be made Thursday evening. There is a large field of contenders for the honor, and keen rivalry already is apparent.

Ambulance Unit Of 250 Arrives

Paris, June 19.—An American ambulance detachment of 250 persons has arrived at a French port. W. K. Vanderbilt of New York crossed on the same liner.

War Simplifies Yale Exercises

New Haven, Conn., June 19.—Alumni day at Yale university today was without time honored celebrations. There were no class groupings on the campus, no parades to the Yale field for the ball games, no class reunions, no bands. The many hundreds of graduates back for the day took the simple program seriously. President Hadley, addressing them, said: "With God we are going to emerge from the war better than in the beginning—because the coming generation of professors and instructors will be more practical."

CHILD'S FATE BEHIND LINES IS DEPLORABLE

Youth in Somme Region Mutilated, Some Deranged, Others Have Peculiar Malady

THEIR IDEA OF HEAVEN "A VERY QUIET PLACE"

Blind and Maimed, Many "Kiddies" in France Will Never Play Again

Behind the British Lines in France; from a Correspondent of the Associated Press, June 19.—The French children found in the northern villages of France, evacuated under the pressure of the British and French offensives, present a picture of the savagery of modern warfare, as characteristic as the Somme forests, shattered by months of shellfire. Many are orphans. Many have been grievously wounded. Most of them suffered from a peculiar species of shell-shock which afflicts them generally with a sort of tremor not unlike St. Vitus dance. Cannot Be Normal. They have had life and death, horrors, human and inhuman, revealed to them in gulches so terrible that they will never be quite normal again. All are underfed and frail from confinement in cellars. Cut off suddenly from relatives and friends, perhaps two years ago, they have continued to live within a few hundred yards of the front lines, listening always to the thud of shells and the crash of explosives until their idea of heaven is "a place that is very quiet."

GOVERNOR FRAZIER GIVES STATE TROOPS INFORMAL REVIEW

The three companies of the First battalion now in federal service and stationed at Fort Lincoln this morning made a practice hike to the capital. While assembled in the capital grounds and undergoing inspection by Adjutant General Tharalson, although this feature had not been on the program, Governor Frazier, spying the soldiers from the windows of the executive chamber, strolled out, and the boys were called to attention for an informal review. They were a fine looking lot of fellows as they stood in line, big strapping fellows, already bronzed by outdoor life, healthy, happy and full of vim. There was no red tape about the review. The governor sized up the soldiers, and the soldiers sized up the governor, then they wheeled into columns of four and swung away for the home trek to the fort. Major Wright, however, was just a little more than tickled at the good showing made by the boys when taken unawares.

TWO ARRESTS FOR FAILURE TO REGISTER ONE FOR SEDITION

Fargo, N. D., June 19.—Three arrests for alleged evasion of selective draft and one alleging seditious threats against the president made by federal officials at Fairmount, Richland county.

William J. Haley, E. A. Campbell and L. M. Kauffman, all farmers of Fairmount vicinity, charged with failure to comply with registration regulations, waived examination when arraigned before Commissioner Greef and were bound over to the federal grand jury, furnishing \$500 bail.

Robert Henning, also of Fairmount, waived examination and was bound over to the federal grand jury, charged with threatening the president. His bail was fixed at \$2,500, which he furnished. Henning is a section foreman on the Soo Line and told the court he was only fooling.

Minnesota's Adjutant General Under Fire

St. Paul, Minn., June 19.—An immediate accounting of government property was ordered today by Governor Burnquist from Adjutant General Fred Wood, on order from the war department following a statement that there was an alleged shortage of government material worth about \$11,000 in the department. The governor and Major Harry L. Brady, U. S. property and disbursing officer, met today to discuss the report. Major Brady said the war department would continue to withhold aid in cash and equipment pending a satisfactory accounting.

ELEVEN JURYMEN RECEIVED.

St. Paul, Minn., June 19.—The eleventh juror to try Frank J. Dunn, who is charged with first degree murder in connection with the death of his wife, was accepted today after Judge Hanft had warned talesmen against claims of prejudice used as an effort to evade service.

MORE THAN \$5,000 RAISED AT DINNER TOWARD BURLEIGH COUNTY'S \$15,000 QUOTA

GIVE! GIVE! GIVE! Until You Know You Can Give No More

Search Your Heart. Does it Not Answer Give? When a million men throw their lives into the great furnace in France in order that your freedom might be preserved can you give too much? Can you give too much to make possible some little comforts for them; to insure proper surgical care, medicines and bandages? Is there no pleasure you can give up, no sacrifice you care to make, nothing, nothing at all you can do to help save these boys of ours who are giving the greatest gift of all—their lives? THERE IS AND IT WILL BE DONE. No appeal like this ever went out to the people of Burleigh county and failed. Everyone will give. During this week Burleigh county must raise \$15,000 for Red Cross work.

Quite a sum? Yes! But not a penny too much. Think what it is going to buy! Act on the impulse you feel. Give, give until you know you can give no more. Help send across the Red Cross.

DRY LAWS DID NOT REDUCE SALE OF WET GOODS

Washington, June 19.—High tide of whiskey and beer revenue receipts, and presumably consumption also, in the United States was reached during the fiscal year now closing. The cigarette smokers of the nation, figures show, also smoked more than ever before.

Ordinary internal revenue receipts composed chiefly of taxes on whiskey, beer and tobacco, were \$24,327,403.00, so far this year, compared with \$365,120,544.00 last year. Gauged by revenue receipts, the present year probably will go down in history as the banner year of the liquor traffic.

Any drink containing alcohol was defined by the postoffice today as intoxicating liquor within the meaning of the law forbidding liquor advertisement going into dry territory after July 1.

Desires to Go to Canada—Sure That He Can Come Back

L. B. Larson of Halstad, Minn., a Civil war veteran and citizen of the United States from early boyhood, was at the capital today, to interview the governor as to the necessity of arming himself with an official certificate of some kind to prove his American citizenship before crossing the border.

Mr. Larson, who came to North Dakota to visit his son, B. L. Larson, a teacher in the Wishek schools, wishes to proceed with his son to Alberta to visit two other sons, who are ranching there. He left home with no thought of any difficulties attending his Canadian visit, but someone whom he met on the trip advised him that, while it was easy enough to get into Canada, he probably would find it difficult to get out again unless provided with passports of some kind.

This morning he called upon an old friend, J. C. Lyngstad, deputy state treasurer, at the capitol, and with whom he called upon Secretary of State Hall and the governor, who straightened things out to the old soldier's satisfaction. Mr. Larson is a fine type of the Civil war veteran, sturdy, well preserved and alert, a man who after a half-century's peace, could render good service in the present conflict, should he be called upon.

MISSION RECEIVED.

Washington, June 19.—The special diplomatic mission from Russia was received upon its arrival here today with every possible effort to reflect American hope and confidence in the new republic.

GIVE! GIVE! GIVE! Until You Know You Can Give No More

Search Your Heart. Does it Not Answer Give? When a million men throw their lives into the great furnace in France in order that your freedom might be preserved can you give too much? TEAMS MEET WITH READY RESPONSES ON INITIAL DRIVE

Dinner at Grand Pacific Resulted in Raising About \$1,000 a Minute for Cause

SOLDIERS PARADE STREETS TO ENTHUSE CITY CANVASS

Intense Enthusiasm When Results of Half Day's Work Are Announced by Leaders

THREE MILLION REPORTED

Washington, June 19.—Early reports today at the Red Cross headquarters from 130 cities, exclusive of New York, showed \$3,302,256 subscribed or pledged to the \$100,000,000 war relief fund. The total is expected to increase rapidly when New York and other large centers are heard from. Few of the large cities have reported.

The best showing was made in the North Central States.

READY RESPONSE.

With but eight out of seventeen teams reporting at noon today, \$7,443, almost half of Burleigh county's allotment, has been subscribed for the Red Cross society. Team No. 1, with \$1,910, headed the list at noon. The champions are Remington and Dullam; team No. 2, Bell and Ogdyke, fall second, with \$1,008.

Every team reported a ready response. Bismarck's two leading Chinese business men, H. Waugh and Charles Sam, were among the most cheerful contributors, paying their allotment readily and expressing gratitude for the opportunity.

Red Cross teams and workers will meet at noon tomorrow at the McKenzie hotel for a second inspirational luncheon and rally. Every member is urgently requested to turn out.

A thousand dollars a minute. That is the record set by team members at the Grand Pacific last evening, when in about five minutes cards for pledges amounting to \$5,075 were signed.

This measures the determination of the men who began the drive this morning to raise Burleigh county's quota of \$15,000 of the \$100,000,000 war relief fund of the National Red Cross society—America's mercy offering.

It was the same spirit carried into the streets today as these men who had themselves signed up for amounts ranging from \$500 to \$25, started canvass that promises to set a new record for the generosity of Burleigh county.

Noon Luncheon.

At a noon luncheon the teams reported the morning's canvass and, spurred on by an hour's experience meeting, started out again for the afternoon's canvass.

The campaign opened up with a bang this morning. Team members met at the Commercial club at 9 a. m. and received cards and envelopes. Troops of the First regiment headed by a drum corps paraded through the streets of Bismarck this morning. They were received with enthusiasm and their presence assisted in arousing interest in the Red Cross work.

Capt. Murphy of the Salvation army announced that the kettle which played such a part in raising funds for the poor at Christmas time will be placed in the street corners tomorrow morning.

The women started out this morning also, but will not report until Wednesday.

The goal will only be reached by hard and earnest work. Each team will have to plunge into the drive at full steam until Saturday evening, when the grand total will be struck. IT MUST FOOT UP \$15,000.

The spirit shown Monday evening and all day today maintained during the week and the result will be \$15,000.

McKenzie town, represented by seven men, at the close of last evening's dinner pledged \$900. Indications were that the other towns represented would return the amounts pledged. These reports will be made Friday night to the central committee at Bismarck.

Enthusiastic Management. The success of the opening hours of the campaign is not going to lessen the speed of the canvass. There is strenuous work ahead of the total amount is to be raised. Every man, woman and child must do his and her part.

To the energy of H. P. Goddard and his able lieutenants in presenting

(Continued on Page Three).

NEWS OF NORTH DAKOTA AND NORTHWEST

LEHMAN PLEADS NOT GUILTY OF SLAYING RIVAL

Alleged Richardson Murderer
Will Fight for Liberty—
Trial Next Saturday

Dickinson, N. D., June 18—Adolph Lehman, whose affection for Mr. Adolph Wetstein is alleged to have culminated in the murder of his band at Richardson a few weeks ago, entered a plea of not guilty yesterday. The court then took a recess until Saturday, when a jury probably will be called and Lehman placed on trial. Lehman is a wealthy bachelor rancher son of a prominent retired farmer of Stark county now residing in the twin cities. All of the resources of the Lehman are being applied to the defense of the accused, who is represented by former Senator Leslie A. Simpson.

60 Acres of Beans Expected to Earn Raleighite Riches

Raleigh, N. D., June 18—A Todd who recently came here from New York state has just finished sowing 60 acres to navy beans and he expects to make a fortune from his crop. He used half a bushel of seed to the acre, discing it into the new breaking and paying \$5 per bushel for his seed. He expects beans to go out in sight this fall and he will be perfectly willing to see his lentils vanish at \$1.50 per bushel.

Court Adjourns to Look Up Murder or Suicide—Mystery

Dickinson, N. D., June 18—Court adjourned a supply upon receiving advice of a killing at Dore and the state's attorney and sheriff departed to investigate. The only witness of the killing who is charged with the murder claims death was due to suicide. Owing to the circumstances, no formal complaint has been made and the names are being kept secret.

INSANE ASYLUM INSTEAD OF PEN FOR MIKE CHUMAK

Indications Are That Alleged
Slayer of Richardson Ranch
Couple Is Maniac

Dickinson, N. D., June 18—As a result of a second attempt to suicide via the disinfecting suicide route, Mike Chumak charged with the double murder of J. H. Caldwell and wife, near Richardson was unable to appear in court yesterday, and the time for hearing his plea was set over to Saturday. Chumak is in a precarious condition. The wounds in his throat, followed by the heavy dose of disinfectant have weakened him physically while his mind seems to be much affected. At times he has all the appearances of a raving maniac, and it is necessary to use the straight-jacket. If he is not able to stand trial Saturday it is probable he will be sent to some institution for treatment.

CROP CONDITIONS GIVE NO CAUSE FOR WORRY, IS OPINION OF FIELD MAN

W. A. Falconer Says With Another
Rain or Two Good Harvest
Is Assured

Crop conditions throughout southern North Dakota and the northern part of South Dakota are reasonably satisfactory, reports W. A. Falconer, field man for the International Harvester company, on his return from a swing over an extensive territory. "If we get another good rain or two," said Mr. Falconer today, "nothing can prevent our having a satisfactory crop. Wheat acreage, of course, is small, about 25 per cent less than a year ago, but the acreage of flax is unusually heavy, and all other cereals show a substantial increase. Winter rye is heading out, and it is running light, not more than four or five bushels to the acre. The winds and cold weather have hurt crops somewhat. Wind, especially, has been damaging because it has dried out the soil after our rains before the moisture had time to penetrate. I see no reason, however, to be gloomy over the prospect."

Boy Bandit Goes To Mandan Until He Becomes Man

Dickinson, N. D., June 18—Murray Wallis, the youthful bandit who held up a Northern Pacific train crew at Sweet Briar last week, pleaded guilty before Judge Crawford to carrying and using dangerous weapons and was sentenced to spend the remaining four years of his minority in the state reformatory school at Mandan.

MANDAN NEWS

Former Mandanite Here—Hans Herter numbered among the pioneer farmers of Oliver county, was in Mandan renewing acquaintances yesterday. Mr. Herter was at one time cigar maker in this city and in later years he was clerk of the court of Oliver county, residing in Center. He is just the same "Hans" and his hosts of friends were pleased to acknowledge a call from him while in the city. He returned home this morning.

"Bill" Wade Has Ford—William Wade, Grant county commissioner, has purchased a new Ford car and drove it to Mandan yesterday to attend the joint meeting of the Grant and Morton county dads which convened yesterday.

John Locke in City—John Locke, the distinguished pioneer farmer of the Cannon Ball locality, was in Mandan yesterday attending to business matters.

Delegate to Fargo—Roy Roberts, delegate to the North Dakota Sunday school convention at Fargo, which convenes Thursday, leaves this evening for Fargo to be present at the convention. Misses Mae and Minnie Storey passed through Mandan this afternoon en route to Fargo from Flasher as delegates to the convention.

Mrs. Carey Away—Mrs. John T. Carey and two children departed yesterday morning on No. 4 for Minneapolis, where they expect to spend several weeks visiting at the home of Mrs. Carey's parents, Mr. and Mrs. C. H. Babcock. Mr. Carey may join them in the near future.

Miss Schafer Calls—Miss Jessie Schafer of Bismarck was in Mandan yesterday spending the day at the Ben Finnegan home.

Thorbergs Here—Mr. and Mrs. E. A. Thorberg of Bismarck were in Mandan over Sunday the guests of the A. E. Thorberg family.

To Salt Lake City—Ray Ryhner, formerly connected with the local Northern Pacific telegraph office, departed yesterday for Salt Lake City, Utah where he will assume duties in

"Victrola" is the Registered Trade-mark of the Victor Talking Machine Company designating the products of this Company only. Warning: The use of the word "Victrola" in the promotion or sale of any other Talking Machine or Phonograph product, is misleading and illegal.

U. S. COLLIER EVADES U-BOATS, GETS TO FRANCE WITH HUGE CARGO

The United States collier, Jupiter, here shown, succeeded in evading German submarines and crossing the danger zone to France with the largest wheat cargo this country has sent since the beginning of the war. The shipment of 10,500 tons of wheat this way is the first of a series Uncle Sam hopes to keep on sending.

the wireless telegraph offices there in the Killand confectionery store.

Mrs. Jack Kruetz to Return—Mrs. Jack Kruetz of Pretty Rock, this state, who had been in Mandan for a few days visiting with her parents, Mr. and Mrs. F. L. Nigey, returned to her home this afternoon.

Judsonite in Town—C. M. Ackley of Judson came to Mandan yesterday and will spend some time in the city attending the summer school.

Rev. Gress in City—Rev. F. W. Gress formerly of Mandan but who is now residing at Mott, was in Mandan attending to business matters and renewing acquaintances yesterday.

Miss Ouren Returns—Miss Anna Ouren who has been spending a few days at Huff visiting with relatives and friends, returned to Mandan yes-

terday to resume her duties as clerk in the Killand confectionery store.

Bartrum in City—Guy Bartrum formerly of this city, but who now conducts a confectionery store at Killdeer, was in Mandan yesterday attending to business matters and renewing acquaintances.

Visit in Bismarck—Mrs. William and Francis McDonald spent yesterday in Bismarck visiting at the Kupitz home.

To Little Falls, Minn.—Mrs. Earl Ritchey and baby departed Sunday evening on No. 2 for Little Falls, Minn. where they will spend a few days visiting with relatives and friends.

Conductor Returns—Conductor Bruce Glass who had been in the twin cities on business for a few days returned home yesterday and has re-

sumed his duties as conductor on the branches.

Leaves Tonight—Henry Kinder leaves this evening for Winner, S. D., where he has accepted the assistant general manager of the Montgomery Lumber company. Mr. Kinder has been bookkeeper in the Mandan Mer-

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself the question, which continues to remain unanswered. Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no perma-

cantle company offices for a number of years and is reputed to be one of the best lumber accountants in the northwest. Mrs. Kinder will join her husband in about two weeks.

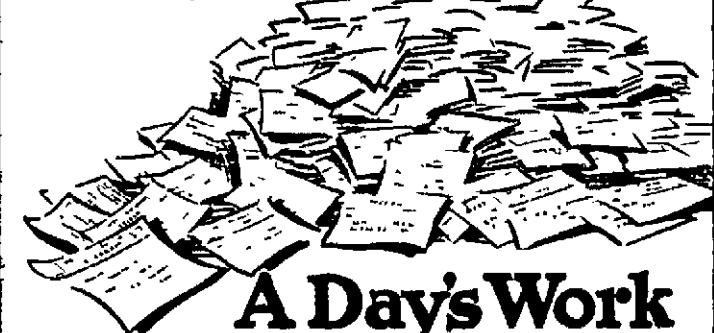

Found Not Wanting.

Hades, so they say, is paved with good intentions. Evidently these have proved to be a superior sort of material for paving purposes, as it wouldn't do, you know, to have the streets of that place torn up all the time.—Exchange.

Real Beast of Burden.

The burro can generally get away with anything that can be strapped to him. Sometimes he is called upon to move the entire possessions of a family—and he does it. He is the only animal in captivity that can climb a cliff with a cookstove, a mattress, a trunk, a washbowl, two frying pans, the family Bible and a couple of lengths of storepiped tied to his back. At times he seems almost buried beneath his burden and it is rather startling for the stranger to see a load ambling cozily up a hill without any visible means of support.—Los Angeles Times.

Red Cross "Angels of Mercy" Make Life-Saving Their Business in War

HOW WOULD YOU LIKE TO HAVE YOUR SON LYING ALONE AND HELPLESS ON A BATTLEFIELD IN FRANCE?

THE RED CROSS "ANGEL OF MERCY" FINDS WOUNDED SOLDIER ON BATTLEFIELD. "FIRST AID" TREATMENT SAVES HIS LIFE.

(By Courtesy of Minneapolis Tribune)

TEAMS MEET WITH READY RESPONSES

Continued from page 1.

The situation last evening much of the success is due. Mr. Goddard brought home to every one the solemnity of the occasion, the importance of the obligation and the pressing need for relief funds that the men of Barleish county called to colors, 3,000 miles from home, may have the care and succor their sacrifice in this fight for democracy deserves.

The dinner was attended by the women and men who started up in a canvass this morning. Rev. Buzzelle, vice president of the Bismarck Red Cross chapter, asked the blessing. Following the dinner there were brief addresses touching upon the necessity for the relief fund so that all preparations could be made to care for the first expeditionary force this nation will send to France.

Dr. Stickney Speaks. Dr. Stickney of Dickinson, the first speaker of the evening, gave a brief historical outline of the Red Cross society, which has a glorious record of some 59 years. He then explained the operation of the Red Cross medical service upon the field of battle. "It takes seven freight cars," he said, "to equip one Red Cross unit. Each unit has about 150 men and women. Several of these have been

equipped by the Red Cross and are ready to go abroad when called." Capt. H. T. Murphy, who served in the Philippines, told from actual experience how the Red Cross assists the men at the front.

Owed Lives to Red Cross. "Many men in the North Dakota regiment," he said, "often remarked how they owed their lives to the Red Cross nurse attached to our regiment."

Sam H. Clark, editor of Jim Jam Jems, who has visited Germany and other nations since the war broke out, spoke touchingly of the duty imposed upon every citizen. He referred to the amount as a paltry \$15,000 when compared to the sacrifice thousands of young men will be called upon to give. He predicted that it would be a simple matter to raise \$15,000 and suggested that a Zeppelin raid or two over this nation might arouse it to the pressing need for relief funds.

Mr. Marks Heads Chapter. Bradley Marks, chairman of the Bismarck chapter of the Red Cross, explained the system of accounting and the manner in which the campaign would be conducted. He thanked the members of the various committees for their earnest cooperation in assisting in planning the campaign.

"Let it out of your heads," he said, "that the Red Cross is especially identified with any race or creed. It is not of one race, it is not of one idea or of one people. Its scope is universal and it is for anyone who needs aid or succor."

Reads Letter. Mr. Marks closed by reading a let-

ter from the front depicting the Red Cross in action under the cover of night and the touching scenes of a soldier by war with its awful pain and human wastage.

Mr. Goddard, chairman of the evening, touched the hearts of all by a direct and convincing appeal, driving home the dire need of the hour.

Cards were then distributed, upon which had been placed the various assessments. No one faltered. Some even raised their assessments. When J. L. Bell, treasurer of the Bismarck Red Cross chapter, announced that the total on the first cards turned in had reached \$1,335, one team member passed his card up with a donation of \$40, making the total \$4,975.

Later \$200 was pledged, \$100 of which was given by the North Dakota Firemen's association, through Henry Loude, secretary.

Then there was a pause when someone from the portion of the table occupied by team members from outside of Bismarck slipped a card into Mr. Goddard's hands with the pledge of \$500 for McKenzie Iowa, making the grand total for the evening \$1,875.

Teams met this morning at the Commercial club and, after a few instructions started out upon a canvass of the city. Teams of women, armed with subscription blanks, began a house to house canvass of the city.

Meeting at Capitol. At 2 o'clock this afternoon all capitol employees assembled in the senate chamber in response to a call by H. H. Steele of the tax commission and N. A. Mason, secretary to the governor, the team assigned to the state house, and the work of the Red Cross, and what the capital city is asked to do were explained in brief talks by Governor Frazier, President Goddard of the Bismarck Commercial club, J. H. Calderhead, secretary of the railway commission speaking as a veteran of the Civil war; Frank Packard of the tax commission, as a veteran of the Spanish war, and others.

Everyone connected with the capitol, administrative officers, deputies, clerks, janitors, power-house men and grounds keepers turned out, and the senate chamber was filled with an audience that gave close attention to every word.

McKenzie Mass Meeting. McKenzie's assessment has been protested and will be levied at a mass meeting of citizens called for 8 o'clock this evening at the McKenzie school. The committee of seven named at McKenzie has been diligently at work and has created so much enthusiasm that the success of the drive there already is assured.

Minot Raises \$11,000 On First Days' Drive

Minot, N. D., June 19. Eleven thousand dollars were collected in Minot for the Red Cross the first day of the campaign, according to an announcement made this evening by R. J. Paper, chairman of the campaign committee. It is hoped they will raise \$20,000 in Minot by Wednesday night. The remainder of the week Ward county will be worked. Several donations of \$1,000 were received.

START WITH \$225,000. St. Paul, Minn., June 19. St. Paul raised \$225,000 in voluntary subscriptions for the Red Cross before the campaign for mails opened.

This is only one of a thousand indications of the enthusiasm and determination with which the American people are approaching this campaign to raise a war relief fund of \$100,000,000.

Minneapolis has started out energetically upon its campaign. The city's Red Cross campaign got well on.

Help down the Kaiser. With a nice tin can. Pack up the soldier. With the Red Cross man.

HEBRON NEWS

CHILDREN'S DAY.

Flag Day was celebrated in Hebron by the annual children's picnic, held this year on the grounds of the Gun club and enjoyed by an immense crowd of youngsters and their parents from the city and all the surrounding country. At 1:30 p. m. the children, led by the Hebron Concert band, marched from the Lorenz garage to the picnic grounds, where they found a race track staked off and a booth where the lemonade was served. A list of more than 20 athletic contests was run through during the afternoon, including egg races, nail driving, contest, wheelbarrow race, sack race, no fly race, and tug-of-war, and concluding with a big pie-eating contest after an afternoon full of exhilaration the crowd enjoyed a free lunch served by the Congregational Ladies Aid, and the happy event was over.

HEBRON, 18; TAYLOR, 8.

Last Sunday afternoon a "picked up" team of baseball players from Hebron went to Taylor, where they won a victory in a rather one-sided game, by a score of 18 to 8. Lack of practice caused the contest to be rather ragged at times, but the score was close until the final inning, in which Hebron scored ten times. The score by innings follows:

Hebron 100 010 010 18
Taylor 000 010 000 8

COMMERCIAL CLUB ELECTS.

Last Wednesday evening the annual meeting of the Hebron Commercial club for the election of officers was held in the hall, a large number of the members being present. After the usual business had been finished the election was held, resulting in the choice of H. D. Dichtenmueller as president, H. L. Dierck as vice president, E. L. Watts as secretary, and J. H. Watts as treasurer. A rising vote of thanks was extended to the retiring president, Dr. A. E. Scherbaum, for faithful constructive service. After adjournment the members enjoyed an excellent lunch served by E. T. Wilson of the Little Cozy hotel.

WED IN MILL CITY.

Announcements were received this week of the marriage on Sunday June 17, in Minneapolis, of Miss Etta Blank of that city and Samuel P. Halpern, prominent lawyer of Hebron. Mr. and Mrs. Jacob Halpern of this

Big Ranch of 700 acres is offered for sale, it is situated only one and one-half miles from the Northern Pacific depot.

This Ranch has all the improvements necessary for growing feed, stabling and fattening 1000 head of cattle at one time for a period of from four and one-half to five months. It too would be a Great Ranch on which to raise and handle thoroughbred stock, and a place of this kind is very much needed in and around Bismarck at the present time.

The place is nicely built up and in a manner to suit so very little improvements will be needed for years to come. There is enough sand and gravel on the place to build another Bismarck. From these beds of sand and gravel I am making daily deliveries to contractors and builders in Bismarck and vicinity as well as shipping it away to out of town parties, which pays me a good yearly revenue.

Some man who has vision enough to see more than a year ahead can take this ranch and clean up a fortune in a very few years.

Over 400 acres of growing alfalfa on the Ranch, which cuts three times a year, giving the ranch every advantage for the fattening of cows and pigs, as they do well on alfalfa.

If being located so near the city it will be but a short time when one could enter a great part of the place into city lots, which would pay for the place at the present price many times over.

For 25 years I have labored to make of this place an ideal Packing Plant, and today with a very little outlay of money one could have a Plant of this kind second to none in the northwest. There is trucking on the place, electric power, and a fine water system. The Ranch is also well watered, and I also have some good stock. Pasture land. Part of the stock I would move to this too.

register, second, their failing to take into consideration the fact that immigration has almost entirely ceased since the war began.

A third source of error should be frankly stated. One would not expect the census officials to acknowledge it. The census figures themselves are not accurate. Paddling the census returns has long been one of the diversions of our enterprising cities. The census is taken under political auspices, by political appointees, and the population count is paid for by the head. It is natural to expect, therefore, that a good many heads are reported some of them probably from fertile graveyards, and others from such sources as politicians draw on when they need to pad the registry books. The population of many a booming western city is made to look very fine in the census returns, particularly if such city is running a close race with a rival.

It was a mistake for the government to permit the census officials to give out a lot of misleading figures before the registration took place. Registration is based on oath. The count of population was a political count, padded by speculation and checked up by nobody. The registration is a nearer index today of population than any count taken for many years.

Communities which show a high per cent registration are communities to which there has been a heavy shift of population. Communities showing a low rate of registration are communities where the returns were inflated in 1910. The young men of the United States taking this war seriously have done their duty.

What! Subscribe to a little matter of \$2,000,000,000 for war bonds? Easy? Give us the next job, Uncle.

TO GIVE IS TO GET.

Let's take a lesson in physics. Experiment No. 1.—We procure a tin equipped with a close-fitting cover. We fill the can with water, put the cover firmly in place and then set our can of water over a fire. The water boils, is transformed into steam. The steam expands and, presto! the whole blamed business blows up.

Experiment No. 2.—We take a similar can, fill it with water, put the cover in place and so set the can of water over a fire—only first we punched a hole in the cover. The water boils, is converted into steam. The steam escapes through the hole in the cover, and there's nothing doing by way of that explosion stuff.

Lords and ladies of creation, be hold yourselves as tin cans.

Under your life has lighted a fire, and whether you will or whether you won't, the energies which are yours boil and boil and demand expression.

If you are wise, Mr. Man and Mrs. Woman, you will punch a hole or two in your cover. You will expend the forces within you instead of bottling them up. It is not activities that kill, but inactivities.

But greater are you than the can of water. When the steam has all escaped through the hole in the can's cover, the can is empty. With you, however, to give is to get.

No excuse now to fall down on Red Cross offerings. Over-subscriptions to the Liberty Loan should take care of that.

IOWA'S SPASM.

Iowa is still struggling in a spasm of what some people doubtless regard as virtue. Some hapless newspaper men who worked 30 minutes after the hour of midnight last Saturday were led to the calaboose at Waterloo as violators of the Sunday blue laws. On a former Sunday all the train crews of trains entering the town of Indianapolis were arrested for similar alleged offenses and travelers who had to leave were forced to hire autos.

If these and other activities under this blue law result in a larger Hawkeye representations among the heavenly hosts, the measure is to be commended, even though it marks a legislative usurpation of the function of the clergy. Unfortunately, there is no way of finding out if this is the case and in the absence of specific information, it must be confessed that the benefits of the legislation are somewhat foggy. Intolerance is too much of a buzz saw to be employed even in a good cause.

An Iowa law providing for the torture and execution of witches is now in order.

FIRST LIBERTY LOAN.

Considered from every possible angle, the Liberty Loan was a great success. The figures certainly indicate that the people of the nation as a whole not only do not disapprove of the war, but are for it strong.

The loan would have been a success had the subscriptions amounted only to the \$1,000,000,000 called for.

That it was oversubscribed approximately 50 per cent shows a tremendous confidence on the part of the people in their government and its purposes in the war.

It was to be expected that a lot of advertising and education would be necessary to put the loan over.

All of the belligerent nations of

The Great American Home!

Europe found their first loan the hardest to sell. In each it was necessary to undertake just such a campaign as was undertaken in this country. This was especially necessary here, because our people as a rule have not been bond buyers.

Whereas, in France the humblest peasants invest their savings both in European and American securities, and in England the men of modest means invest in British consols, we Americans have preferred the banks which pay interest on deposits.

It was the hard task of the government and those who volunteered to help the government in its great work to overcome this habit of a lifetime.

Then there was the further handicap of not being able to deliver the bonds as quickly as paid for. When the average man lays down his money he wants to receive what he pays for, whether it be goods or bonds. He is not particularly keen about a promise to deliver at some time in the future.

The next loan for the cause of national defense and liberty will be easier to float, provided the government has the bonds printed in advance, so that when a man puts down his money he can carry away with him that for which he paid. It is not unlikely that if this plan had been followed in connection with the first loan it would have been oversubscribed 100 per cent, instead of 50.

Also, when the next loan is floated, the uncertainty as to what taxes we are going to have to pay will have been removed, and there is no doubt that this uncertainty kept many patriotic people from subscribing to the first loan, or limited their subscriptions.

If there were any doubts in the Kaiser's mind about the willingness of the American people to finance their war against Germany, he was disillusioned when he got the news about the success of the first Liberty Loan.

The other day thunder was so loud congress had to stop talking. Nothing less than the elements could make congress stop talking—and not even the elements could make congress say anything.

Major Steedman Gives Final Report on Ambulance Purchase For the Lisbon Hospital Corps

Major R. R. Steedman yesterday received word that the ambulance purchased for the hospital corps of the First regiment was shipped to Major Patterson of Lisbon, June 9.

In order that the contributors to the fund may know how the money was spent, Major Steedman had made a complete report. The committee at this time desires to thank all those who contributed to the good cause, and especially to commend the action of George N. Keniston, secretary of the Bismarck Commercial club and Judge Knauf of Jamestown, who rendered excellent services in raising the final funds.

Total Cost. The total cost of the ambulance, including freight to Lisbon, which was \$107.50, amounted to \$1,002.90. Donations in this amount were received.

Those who directed the campaign, in addition to Major Steedman, were Thomas Poole, former adjutant general; E. H. Dummer and G. D. Mann of the Tribune. Contributions were received by the Tribune, acknowledged through its columns and all services in this connection were rendered free of charge.

Patriotic citizens of Lisbon gave \$100 to pay the freight. This was raised through the kind solicitation of Sheriff Craig of Ransom county.

Major Steedman's letter of explanation follows: "Last summer, while the First North Dakota regiment, including the hospital corps, was in camp at Fort Lincoln, nearby, a committee of gentlemen, consisting of Gen. Poole, Mr. Mann, Mr. Dummer and others, came to me and asked me if I would receive the funds donated by a popular subscription from the people of North Dakota for an army motor ambulance for the First Infantry hospital, and also if I would see that such fund was expended for an appropriate ambulance, of which the corps above mentioned was badly in need of, to take the place of an obsolete one then in use, and believing that such a worthy object would meet with approval and be acceptable to all, I gladly consented to act.

Some Opposition. "Soon after the subscription was started there appeared to be some influence brought to bear to prevent such an expenditure, although I felt from the beginning that this fund would not lessen other funds then being raised for the First North Dakota Infantry. I also found that with this opposition it would not be possible to raise an amount sufficient for a more expensive ambulance, and as the funds subscribed and deposited to my credit in the First National bank of Bismarck amounted only to \$862.50 (which donations have all been published by the Bismarck Tribune from time to time as they were received), I thought it best for me to get busy and find where we could secure a suitable motor army ambulance of regulation build which would come within our means. After some correspondence I found that the Excelsior Seat company of Columbus, O., offered the desired ambulance complete, for \$895.40. It was then necessary to raise the balance of this amount, \$232.90, which caused a long delay. The amount was finally raised and placed to my credit. The freight on the ambulance from Columbus, O., to Lisbon, N. D., amounted to \$107.50, of which \$100 was subscribed by the people of Lisbon (making the total amount raised, \$1,002.90). These recent donations have also been published in the Bismarck Tribune as they were received. The following is an itemized receipt bill from the Excelsior Seat company for a Red Cross army ambulance, complete, and the freight prepaid, and shipped to Major T. C. Patterson, Lisbon, N. D., who no doubt will acknowledge receipt of the ambulance upon arrival at that place. This ends my part in the transaction."

NEED 971,000,000 BUSHELS OF GRAIN

Necessary Food for Allies and Neutrals as Figured by Hoover.

URGES US TO ECONOMIZE

Suggests Double Consumption of Vegetables in Summer as Aid to Europe—Big Crop of Food-stuffs is Expected.

Washington.—The allies of America, in the war against Germany, and the European neutrals will require a total of 971,000,000 bushels of bread and fodder grains out of the next harvest, and, in addition to that great amount, provision must be made for the grain ships destroyed by submarines, according to an official announcement made by Herbert C. Hoover, whom President Wilson has designated as food administrator.

Mr. Hoover presented the situation in detail for the first time, the figures representing the result of his researches while in Europe. He admitted that it would be impossible for North America to furnish all grain needed and provide for itself, but he added that the country must shoulder the major part of the burden.

Coincident with his decision to acquaint the country with all of the facts in the situation, Mr. Hoover said that the task of conserving and apportioning America's grain supply would be undertaken as soon as powers were granted by congress. Representatives of the allies, he said, who were entering into forward contracts pending the adoption of this legislation were doing so at their own risk. As soon as the food administration was in full operation, he said, the situation would be canvassed, and, if necessary, many purchases by other countries would be canceled to serve the common cause.

Fodder Not Included.

The Hoover statement was in explanation of an interview given by Emile Level, head of the Permanent French commission. Mr. Hoover said: "In view of the statement of the allies' grain requirement out of the next harvest given by Mr. Level of the French mission to the press as amounting to 560,000,000 bushels, and its apparent conflict with the figures of 1,000,000,000 bushels given out by myself, it seems desirable to mention that Mr. Level assured me that he included in his figures only the grain necessary for the bread supply and did not include the fodder grains. These are just as necessary to the allies for the maintenance of their dairy and meat supplies and the feeding of their cavalry horses as is the grain for the bread supply of the people.

"The requirements for imports of the bread grains—that is, the supplies required in addition to local production in the various countries, as determined by a study made by myself and staff in each country in Europe, with the collaboration of the food ministers of these various countries, are as follows:

	Bread Grains, Bushels	Fodder Grains, Bushels
United Kingdom	225,000,000	170,000,000
France	175,000,000	70,000,000
Italy	90,000,000	60,000,000
Belgium and Portugal	50,000,000	
European neutrals	10,000,000	
Ex-European neutrals	5,000,000	116,000,000
Total	555,000,000	416,000,000

"This totals 971,000,000 bushels to which will need to be made some additions to compensate for submarine sinkings.

Cannot Furnish All.

"It will, of course, be impossible for North America to furnish all of this quantity, although the major load must fall upon us. In any event, it emphasizes the necessity of control of our exports, in order to control prices and protect our supply, and the necessity for conservation and elimination of waste in order to increase the volume of our exports."

Mr. Hoover took occasion to deny emphatically a published report that the proposed food administration was contemplating the buying and selling of all grain supplies at this time. "I can say positively that there is no such step under consideration," he said. "We are going to proceed with this work step by step, with the purpose always in view of stabilizing the market."

Suggestions by which the public could co-operate by reducing the consumption of cereals, sugar and meat during the months of July, August and September, and the use of more vegetables, without the adoption of a vegetarian diet, were outlined in a statement from the Hoover headquarters. Without hardship, Mr. Hoover said, 200,000,000 bushels of wheat, 125,000 tons of sugar, and 700,000 barrels could be saved. The statement read:

"We want the American people to increase the proportion of vegetables in their diet during the coming summer for many reasons. Vegetables, including potatoes, compose but a small fraction of the diet of Americans, considered as a nation. Of our total foodstuffs in terms of units, only about 14 per cent is supplied in the form of vegetables, while some 40 per cent are from cereal products, including bread, 20 per cent from various animal products, and 15 per cent from sugar.

Expect Big Crop.

"The widespread agitation throughout the country to increase production of foodstuffs has resulted in a large expansion of the garden area, and with normal weather conditions we may

hope for a greatly increased supply of garden vegetables. These may be disposed of either by direct consumption during the summer months or conservation for winter use. Much the more simple and direct thing to do is to increase the proportion of vegetables in our diet during the months of July, August, and September and thus save a portion of the cereals, meat and sugar for winter use.

"To double the proportion of vegetables and thus diminish proportionally the drain of bread and meat supplies in no way suggests vegetarianism; public health will not only be normal but especially during the summer months will even be improved if the proportion of vegetables in the general diet is doubled. Such a diet would contain a large amount of mineral salts and vitamins, the albuminous substances would be balanced, and the diet would contain so large an amount of inert material as to form a mass of advantageous proportions in the digestive tract.

"The other alternative would be to conserve the vegetables for winter use. While everything should be done that is possible in the way of drying vegetables it must be borne in mind that owing to the shortage in the normal canning capacity of the country will be greatly reduced in its application to vegetables.

Use Vegetables Instead.

"The increase in vegetable production is, of course, not uniform throughout the whole country, and price conditions in the larger cities may not permit of so large a proportion of substitution of vegetables as in the country districts and smaller towns. It is even more important, therefore, that in the country districts and smaller towns vegetables should be substituted for the staples, because this will greatly relieve the question of transportation. If the rural population, including in this term the larger towns and smaller cities, would during the months of July, August and September reduce the consumption of sugar one ounce, bread four ounces, and meat one and a half ounces a day, and vegetables were substituted instead, the economy would represent the saving of 20,000,000 bushels of wheat, 125,000 tons of sugar, and 700,000 barrels.

"Furthermore, we must realize that if it is necessary that we consume perishable foodstuffs, we should consume them as near the source as possible, and we should conserve the staple foodstuffs as far as possible for winter use and for export to our allies."

YOUNGEST MARINE

Although little Sam puts certain restrictions as to age upon the members of the United States marine corps, five-year-old Robert Bonner of New York proudly wears a sergeant's chevrons and sharpshooter medal, with all the dignity of a grown-up sea soldier.

Robert has been adopted as a comrade by the marines and now has a full regulation uniform—red stripes, yellow chevrons, medal, brass buttons and all—a costume he is unwilling to take off, even to go to bed. He explained to his mother that "real soldiers never take off their clothes," which may be stretching it a bit, but which has a grain of truth in it, if we consider the boys in Europe's trenches.

In Search of a Romeo.

Chicago.—In search of a Romeo, Hazel Brown, escaped inmate of the Bartonville Hospital for the Insane, came to Chicago and spent \$400 for a touseau and bought a \$500 engagement ring. When arrested she cleaned up eight policemen and wrecked a police station before she was subdued.

Had Experience.

A lecturer was touring the country giving travel talks to school children on the interests and industries of their country. "Now, children," he said, pleasantly, in leading up to his subject, "I wonder how many of you have ever seen a canchabake?" Silence.

"What, no one? Ah, there's a little fellow, you back there. My boy, have you seen a canchabake?" "Well, I didn't 'zactly see it. But I was right under one once when it did."

SOCIETY

**"Jimmy" Foley Back to Scenes of Early
Labors for Day With Home Folk**

The opportunity of hearing James W. Foley interpreting his own verses and incidentally contributing to the local Red Cross society, is making wide appeal and when he appears Friday evening at the Auditorium he will undoubtedly be greeted with a crowded house.

This is the first time in years this poet laureate has given an entertainment in his home city. His platform engagements have been extensive during the last years. Mr. Foley has appeared before many cultured audiences in the East and West and his entertainments are in demand at chautauques and other large gatherings.

Possibly one of the greatest trib-

utes ever paid him was the one given by Charles Major, author of "When Knighthood Was in Flower. Mr. Major was a distinguished guest at one of Mr. Foley's entertainments on the Pacific coast and, following the program, came up to him and said: "I wish to say, Mr. Foley, that I am an old and loving friend of Mr. Riley, and have heard him at his best, and you have given me as much pleasure this evening as Mr. Riley has ever done. I esteem this the highest tribute I can pay you."

Twenty-five per cent of the receipts will be donated to the Red Cross. The seats will be 50 cents all over the house.

To Lecture Here.

Dr. K. A. Kilander of Gustavus Adolphus college, St. Peter, Minn., will give an illustrated lecture Friday evening in the Swedish Lutheran church. Dr. Kilander will lecture on Norway and Sweden, illustrating it with many views of these interesting countries.

Benefit Dancing Party.

A number of boys and girls have offered to dispose of tickets for the benefit dance Thursday evening in Patterson hall, given to raise funds for the big feed with the women of the auxiliary to Co. A will serve in the Presbyterian church chapel July 4, to the soldiers at Fort Lincoln. By all indications, it will be the largest dancing party ever held in the hall. A number of the women of the auxiliary will also assist in selling tickets.

Attending Celebration.

Miss Lella Diesem of this place is in Valley City, where she is attending the celebration held there today in honor of C. A. McFarland, president of the normal school, who has served that institution for the last 25 years, as its head. The Burleigh county alumni members contributed \$12 towards the memorial for President McFarland. Many interesting events are planned for this week at the school. Miss Lou Satterlund of

Washburn is also attending the festivities.

Personal Notes.

Mr. and Mrs. E. O. Ulness and daughter, Miss Viola, Wilton and W. L. Peterson of Regan were guests over Sunday of Mr. and Mrs. A. S. Reitan of Eighth street. Mrs. E. L. Ulness and two children of Moorhead, Minn., passed through the city Monday en route to Seattle, Wash. They were met at the train by Mr. and Mrs. Reitan.

R. D. Hoskins of Fourth street is sojourning at Detroit Lake. Mrs. Hoskins will leave today for Grand Forks to attend the grand chapter meeting of the Order of Eastern Star.

Mrs. Mary L. McLean of First street was in Mandan Monday visiting her son, C. C. McLean.

Mrs. W. H. Harris and baby, who have been in the Bismarck hospital, have returned to their home on First street.

Mrs. Carl Pederson of Fifth street left Monday for Big Stone Lake, Minn., where she will spend the summer.

Mrs. C. L. Young of Avenue B left Sunday for a several weeks' visit with relatives and friends in Alexandria, the twin cities and Chicago. While in Alexandria she will be the guest of her sisters.

Mrs. William McDonald of Mandan was the guest Monday of Mrs. Charles Kupitz of Fourth street.

Mr. and Mrs. Philip J. Meyer of Fourth street left last week on an extended western motor trip. They expect to be absent from the city for several weeks.

Mrs. F. A. Knowles and sons, George and Grant, of Avenue A, have gone to St. Paul, where they will visit relatives. Later they will go to Anderson, Minn., to visit friends.

Mrs. J. A. Graham of Sixth street, who has been spending some time in Minneapolis, as the guest of her brother, returned home today. Mrs. Graham will later go to Springfield, Ill., to visit her mother, Mrs. Thompson.

Senator and Mrs. C. W. McGray of Underwood arrived in the city Monday and have taken possession of their home in Third street. The McGrays leave July 1, for Detroit Lake, where they have taken a cottage for the summer.

Miss Irene McPhee of Third street has returned from a several days' visit with Mr. and Mrs. O. R. Bold and A. L. Bleckreid and family of Regan.

**OSCAR H. WILL IS VERY
LOW AT THE FAMILY HOME**

Oscar H. Will, one of the best known business men of the city, if not of the northwest, is very low at the family home on Fourth street. Mr. Will has been ill for several months, suffering from a complication of ailments. Two nurses are constantly at his bedside. Mr. Will is founder of the O. H. Will & company seed store.

**BOY SCOUTS TO GO INTO
CAMP AT PAINTED WOODS**

Boy Scouts of troupe one of the First Baptist church will go to Painted Woods next Monday for a week's outing. Fifteen boys compose the troupe. Rev. Bruce E. Jackson will accompany the troupe. The boys will hold an ice cream and cake sale this evening on the church lawn.

**W. C. T. U. Presents
Penmanship Medal**

Arthur Nathan won the first place in the penmanship contest conducted by the local branch of the W. C. T. U., under the direction of Mrs. L. H. Patten. Lindley Patten took second place.

The contest was conducted in the Sixth grade of the high school building, of which Miss Dora Larson is teacher. The medal was awarded to the one who showed the greatest improvement in penmanship during the year.

**Red Cross Chapters Are
Warned Against Letters**

A communication is being sent broadcast by the National American Red Cross society of Washington, D. C., warning branch societies and individuals regarding endless chain letters being circulated as a means of raising funds. The communication follows:

"To All Chapters:
"Numerous 'endless chain' letters have been brought to the attention of the Red Cross, many of them for causes worthy in themselves, but conducted by unrecognized individuals. Nothing of this sort has ever been authorized by the Red Cross, and this is to inform you that all such methods of raising money are without countenance or counsel of the National Headquarters.
"ELIOT WORDSWORTH,
"Acting Chairman."

**Col. Brewer to Visit
Local Salvation Army**

Col. Brewer, who has charge of the young people's work of the Salvation Army from the Great Lakes to Honolulu, will arrive in the city Saturday for an annual visit to the local barracks.

An elaborate program has been arranged for Saturday evening, when the various young people's departments will take part. A special feature will be a physical drill given by the girls of the Life Saving guard and the first aid demonstration by the boy scouts.

Welcomed at Jamestown.
The Salvation Army band of 16 pieces, accompanied by Capt. Murphy, was given quite an ovation in Jamestown Saturday and Sunday, when they paid a visit to the Jamestown Army. The barracks were crowded during the meetings and many hundred people attended the open air meeting. Over \$100 was received in collections during that time. Adjutant Graham, in charge of the Jamestown corps, was formerly connected with the local army.

**CHORUS GIRL RISKS BULLETS; CALLED
IRELAND'S BRAVEST COLLEEN****LOUISA NOLAN SHOWING HONOR MEDAL TO CHORUS GIRLS**

Miss Louisa Nolan, 18-year-old chorus girl in "Three Cheers" playing in London, is called Ireland's bravest colleen. King George has just awarded her the military medal for heroism in the Irish revolt. During a battle on the Dublin bridge,

Miss Nolan saw an English officer fall wounded. When she went to him he asked for a stimulant. She had to cross the line of fire to get it.

Miss Nolan ran the gauntlet of bullets and got the stimulant. Returning she again defied death. She saved the officer.

His Ambition.
"I'll be glad when I get big enough
to wash my own face," said little
Bobby, as his mother finished the op-
eration. "Why not, dear?" she asked.
"Cause then I won't wash it," he re-
plied.

Bucking the Hindenburg Line

American Football Stars Enlist for Service, Entire Harvard Team to Stay.

H. H. DUDMAN

EDDIE CASEY

HORVEEN

By PAUL PURMAN.
Bucking the Hindenburg line
will be different a great deal from
bucking the Yale line, but the 1916
Harvard football team will attempt
it and will be assisted by their
ancient enemies from Yale and
other eastern schools.

All-American teams can easily be
picked from the college football men
who are rushing to join the colors.
East, west, north and south are rep-
resented by the men who will play a
far harder game than football "some-
where in France."

It is of especial interest to note that

Harvard's 1916 team will line up this
way against "Fritz":
Harte, r. e. Plattsburg, center, r. t.
Norton, Harvard, left guard, Snow,
r. g. naval reserves, Harris, c. Platts-
burg, Dudaum (capt.), l. g. American
ambulance unit, France, Wheeler, l. t.

goes as good during the rest of the
season as he did at the start.

Already Coveleskie has five shut-
outs to his credit and is going along
at a clip which promises to make him
one of the great bowmen of the game.

Coveleskie showed signs of becom-
ing a great pitcher last year, but over-
work and a sore arm held him back.
The Pole is a spitballer, but does
not rely entirely upon the moist ball
delivery. He has plenty of speed and a
good curve, which adds to his elec-
tricity.

Cove is right handed. His brother,
Harry, with the Detroit Tigers, is a
southpaw.

Pennsylvania woman catches 30-
pound carp on golf course. Maybe
it was one of those carps who always

hedge about three strokes to the hole
to get a decent score.
Jesse Willard has bought a circus.
Jesse will be able to save money on
clowns if he puts on a boxing exhibi-
tion.
Honus Wagner got four hits in five
times up the other day. Which shows
that Honus has lost his batting eye.
Harry Lewis is suing his wife for
\$70,000 he says he won in the ring.
Sounds kind of fishy.
Ho-hum. Molla Bjurstedt won an-
other tennis match. Well, what did
you expect?
Jawn McGraw was fined \$500 for
kicking an umpire. Jawn ought to be

satisfied. He's been trying to pull
that trick for 25 years.
Bible Silent on Eclipses.
No historical account of an eclipse
of the sun occurs in the Bible, but
there are passages in the prophets
which contain manifest allusion to this
phenomenon.

He's been trying to pull
that trick for 25 years.

5,020 VOLUMES IN ONE WORK

Encyclopedia of the Literature of
China, Covering 28 Centuries, is
Remarkable Production.

The Chinese department of the Brit-
ish museum library contains a single
work which occupies no fewer than
5,020 volumes. This wonderful pro-
duction of the Chinese press was pur-
chased some years ago for \$7,500, and
is one of only a very small number of
copies now in existence.

It is an encyclopedia of the litera-
ture of China, covering a period of 28
centuries. It owes its origin to the
literary predilections of the Emperor
Kang-he, who reigned from 1662 till
1722. In the course of his studies of
the ancient literature of his country
Kang-he discovered that extensive cor-
ruptions had been allowed to creep in-
to the modern editions, and conceived
the idea of having the text of the or-
iginals reproduced and preserved in
an authorized form.

This was a mighty conception, truly,
and in the execution it remains unique
down to the present time. For the
purpose of carrying out the work,
Kang-he appointed a commission of
learned men to select and collate the
writings to be reproduced, and em-
ployed the Jesuit missionaries to cast
copper types with which to execute
the printing. The commission was oc-
cupied for 40 years in its great task.
Before the work was completed
Kang-he died, but he had provided that
his successor should see the book com-
pleted, and he faithfully carried out
his trust. The book is arranged in
six divisions, each dealing with a par-
ticular branch of knowledge.

WATER NECESSARY TO LIFE

Astronomer Can Prove That Other
Planets Are Uninhabited If He
Finds They Have No Moisture.

All life is lived in water. Where
no water is, no life can be. The nec-
essary machinery may have been al-
ready made, as in a completely dried
seed, but that seed cannot actually live
until water reaches it again. To live is
to be wet; or, in the phrase of a
French student, "Life is an aquatic
phenomenon."

When the supply of water is with-
held from living things they may sur-
vive, but their life is slowed down,
as it were. In the completely dried
seed life is arrested altogether, yet the
creature is not dead. The French call
that a case of vie suspendue—or, in
our language, suspended animation.
After astonishingly long periods, such
seeds will germinate if they are wa-
tered.

The astronomer tells us that our
planet is only one of many belong-
ing to innumerable suns, and he won-
dered whether this little "lukewarm
bullet" of ours, as Robert Louis Ste-
venson called it, is really unique in
bearing a burden of life. There is one
path that leads to the answer of his
query. If he finds no evidence of wa-
ter on other worlds he cannot expect to
find life there.—Dr. C. W. Saleeby, in
The Youth's Companion.

Dutch First to Improve Plow.
The Dutch were probably the first
to introduce improvements worth
while in the plow. They devised the
first plow that turned a furrow, all
plows before that time being merely
used to break the surface of the
ground. The first patent for a plow
went to Joseph Folpamb in 1730. Jo-
seph Newbold patented one in this
country not long afterward, but Jeth-
ro Wood really invented the plow in use
today. His instrument was the first
to have a mold-board, a share and a
land side in three pieces, so that they
could be replaced or sharpened singly
when worn.

Worry Often Selfish.
To expect sorrow to suffer from it
before it arrives, and when it may not
arrive at all; it is like throwing your
gold into the sea because you fancy
that the ship is going down. Perhaps
there may be a great trouble awaiting
us next year; shall we destroy the en-
tire happiness and comfort of this year
by anticipating it? The dread will not
help us to bear it when it comes. Worry
is a wrong that we do to ourselves,
and it usually makes others suffer
with us. Very often it is absolutely
selfish. Let us resist it by all the
means in our power, and give our-
selves to the things that cheer and
strengthen us; having ourselves on the
hope that when trial comes we shall
be able to endure it bravely. There
are reserves of strength which we too
often ignore, whose help comes in the
hour.

CAPT. HUSTON, NOW IN ARMY,
IS CREDIT TO NATIONAL GAME

In the future records of baseball
there is one name which will stand
out above others as doing more than
his "right" for the game.

Capt. T. L. Huston, half owner of
the Yankees, is one of the biggest,
broadest figures baseball has pro-
duced.

When the wordiness of some mag-
nates is considered it is refreshing to
remember Capt. Huston and what he
has done in his brief baseball career
to elevate the game and place it above
mere money getting.

Capt. Huston is out of baseball for
the present. He has enlisted in the
United States engineers and will be
among the first of Uncle Sam's sol-
diers who go to France.

He is doing his bit. A captain in
the Spanish-American war, and a man
far above the age limit, Capt. Huston
was one of the first to respond when
war was declared.

It was Huston who first advocated

training for American league ball play-
ers.

At first he met opposition from
many owners, but soon received the
assistance of Dan Johnson, who was
far-sighted enough to see the benefit
organized baseball would derive from
this training.

Huston took personal pride in the
training of his own players and before
an army officer was sent to the Yan-
kee camp at Macon, drilled the play-
ers himself.

Huston recognized when he first
went into baseball that he must give
the people the worth of their money
and started immediately to building
up a great ball club. Money was no
object if the desired results were ob-
tained, and for the first time since
the American league was formed the
Yankees became popular in Gotham.

Here's to Capt. Huston. May base-
ball have many like him.

ORGANIZATION CERTIFICATE
OF THE
CAPITAL SECURITY BANK.

Know all men by these presents,
that we, whose names are hereunto
subscribed, have this day united our-
selves together to form an association
for carrying on the business of bank-
ing under the laws of the state of
North Dakota, and have adopted and
executed Articles of Association, in du-
plicate for that purpose, and have
duly forwarded such articles to the
secretary of state of North Dakota;
that we do hereby under our hand
make and file the following as our
certificate of organization:

FIRST.

The name of said corporation is:
Capital Security Bank.

SECOND.

The place where the business of
discount and deposit are to be car-
ried on is: Bismarck, North Dakota.
THIRD.

The amount of the capital stock and
the amount into which its shares are
to be divided is: Fifty thousand
(\$50,000.00) dollars, divided into five
hundred (500) shares.

FOURTH.

The names and residence of the
shareholders and the number of
shares held by each of them are as
follows:

Name	Residence	Number of shares.
Krist Kjelstrup	Underwood, N. D.	100
C. W. McGraw	Underwood, N. D.	100
Nels E. Rullen	Hoffman, Minn.	100
W. J. Gronberg	Hoffman, Minn.	40
William Schellbach	Hoffman, Minn.	20
N. P. Metcalf	Minneapolis, Minn.	20
J. A. Hyland	Bismarck, N. D.	40
C. P. Kjelstrup	Parshall, N. D.	40
A. O. Fugle	Parshall, N. D.	40

FIFTH.

The period at which this corpora-
tion shall commence business shall be
at the issuance of its charter, and it
shall terminate 25 years from date of
its charter.

In witness whereof, we have here-
unto set our hands and seals, each
for himself, this 16th day of February,
A. D. 1917.

C. W. MCGRAW, (Seal)
J. A. HYLAND, (Seal)
C. P. KJELSTRUP, (Seal)
6-12-19-26-7-3

UNITED STATES OF AMERICA, DE-
PARTMENT OF STATE, STATE
OF NORTH DAKOTA.
TO ALL TO WHOM THESE PRE-
SENTS SHALL COME:
Whereas, C. W. McGraw, J. A. Hy-
land and C. P. Kjelstrup have filed in
this office a copy of their articles of
Association and an Organization Cer-
tificate, as provided in (Sections 5147
and 5148, Chapter 28, Compiled Laws
1913), said chapter being the law
governing the organization and man-
agement of (State Banks), setting
forth all the facts required to be stat-
ed in said sections, and the require-
ments of the law governing the organi-
zation of (State Banks) as contained
in the chapter hereinbefore referred to;

Now, therefore, I, Thomas Hall,
Secretary of State of the State of
North Dakota, by virtue and authori-
ty of law, do hereby certify that said
parties, their associates and suc-
cessors, have become a body politic and
corporate, under the corporate name
of "CAPITAL SECURITY BANK"
(Bismarck, Burleigh County, North
Dakota), and by that name are here-
by authorized to commence the busi-
ness of banking; to adopt and use a
corporate seal, to sue and be sued,
purchase, hold and convey real and
personal property, as provided by said
chapter, to have succession for a pe-
riod of twenty-five years to make con-
tracts and to have and enjoy all the
rights and privileges granted to State
Banks under the laws of this State,

subject to their Articles of Incorpora-
tion, and all legal restrictions and
liabilities in relation thereto.

IN TESTIMONY WHEREOF, I
have hereunto set my hand and affix-
ed the Great Seal of the State, at
the Capitol in the City of Bismarck,
this twenty-first day of February, A.
D. 1917

THOMAS HALL,
Secretary of State.
(6-12, 19, 26; 7-3)

Insure Future in Youth.

In youth is the time to insure the
future. This is true of every kind
of insurance. And success follows the
same law. "The true that in youth you
have less to go on, but if you don't
make the start now you will never be
more than a "hand-to-mouth" per-
former. You must be convinced of the
worth of your ideal and then stake all
on making it indispensable to the
world. You will have to show the
world you believe in it. The world
may even demand proof in sacrifice.
Hesitate and you are lost. Pay the
price of your belief promptly and con-
stantly and the future will be more
welcome in consequence. It isn't the
noise you make that counts—it's the
good you do. Even that may be ques-
tioned by some folks, but you know
when it's genuine. So begin now.
Keep your ideals high and back them
up with the service that commands
respect and the world will return the
purchase price of your ideal with in-
terest.—Grit.

SUMMONS.

State of North Dakota, county of
Burleigh. In district court, Sixth ju-
dicial district
James D. McDonald, Plaintiff
vs.
Henry L. Notmeyer, Cornelia Notmeyer,
Nathan Lamb, John H. Rich-
ards, Ferris Jacobs, Jr., and all oth-
er persons unknown claiming any
estate or interest in or lien or in-
cumbrance upon the property de-
scribed in the complaint.

Defendants.
The State of North Dakota to the
Above Named Defendants:

You are hereby summoned to an-
swer the complaint in this action,
which was filed in the office of the
clerk of the district court of Burleigh
county, North Dakota, on the 2nd day
of June, 1917, and to serve a copy
of your answer to said complaint up-
on the subscribers at their offices in
the city of Bismarck, Burleigh county,
North Dakota, within thirty days after
the service of this summons upon you,
exclusive of the day of service, and
in case of your failure to appear or
answer, judgment will be taken
against you by default for the relief
demanded in the complaint.

Dated at Bismarck, North Dakota,
June 2, 1917.

NEWTON, DULLAM & YOUNG,
Attorneys for Plaintiff,
Bismarck, North Dakota.

Notice.

To the Above Named Defendants:
You will please take notice that
the above entitled action relates to
the following described real property
situate in the county of Burleigh and
state of North Dakota, to-wit: The
north half (N 1/2) of the north half
(N 1/2) of section twenty-two (22),
township one hundred thirty-eight
(138) north, of range eighty (80)
west of the fifth principal meridian,
and that the purpose of this action
is to quiet in plaintiff the title to said
real property and that no personal
claim is made against any of the
defendants.

NEWTON, DULLAM & YOUNG,
Attorneys for Plaintiff,
Bismarck, North Dakota.

ANDERSON MAY NOT GET JOB ON CONTROL BOARD

Reported That Churches Ferry Appointee Has Incurred Displeasure of the Ozar

RETURNS HOME LEAVING LEWIS STILL ON JOB

Berndt Anderson of Churches Ferry, who came to Bismarck on Monday to accept the place on the board of control tendered him by the governor some months ago, returned home this morning without his commission, leaving Chairman L. S. Lewis still on the job.

Berndt Anderson, veteran legislator and thorough-going farmer, is said to be in bad with the administration. What he has done and when he did it does not appear. There was a long conference yesterday between the governor and his two new appointees for the board—Simon J. Nagel of Morton county and Anderson. At the close of the conference no change was made in the personnel of the board.

Under an old opinion of former Attorney General Miller, it has been held that Lewis' term expired June 18, and Anderson was named to succeed him on that date. Nagel, who succeeds Sylvan L. Olson, does not take office until July 1.

STATE HOUSE NOTES

IN FROM TRIP—Irving J. Vivian, special automobile registration scout for Secretary of State Hall, is back from a three weeks' tour of the state.

BUXTON HERE—L. R. Buxton of Fargo, deputy state bank examiner, was a caller at headquarters today.

TO APPROVE BIDS—The committee of state officials which has had charge of negotiations for the sale of North Dakota's \$103,000

RASH ON HANDS ITCHING INTENSE

Also on Arms. Scratched Almost Night and Day. Turned to Crusts and Disfigured. Tremendous Burning. Cuticura Healed. Cost \$2.00.

"A little rash of pimples came on my hands and arms, and later spread to my shoulders and face. It itched and burned intensely which caused me to scratch almost night and day. The pimples then turned to yellow crusts causing great pain when washed. I was disfigured for the time and could not possibly put my hands in water. At night I barely shut my eyes on account of the terrible itching and tremendous burning. I sent for a free sample of Cuticura Soap and Ointment. I noticed a great improvement so I purchased more, and when I used two boxes of Cuticura Ointment and four cakes of Cuticura Soap I was healed completely. (Signed: Miss Hattie W. Solke, 6024 Justine St., Chicago, Ill., Sept. 2, 1916.)

If you have a poor complexion improve it by using Cuticura Soap daily and Cuticura Ointment occasionally.

For Free Sample Each by Return Mail address post-card: "Cuticura, Dept. B, Boston." Sold everywhere.

TOM PLAYED 'EM ALL

By Allman

terminal elevator fund, which cannot be devoted to the building of terminal elevators, met this afternoon to consider and approve the 103 bids which were drawn by lottery from a large number of tenders a short time ago.

HOME FROM BISBEE—Commissioner of Agriculture and Labor John N. Hagau is home from Bisbee, where he attended and addressed a farmers' meeting.

HENDRICKSON HERE—Rep Steele Hendrickson of Coteau is here telling his friends of his exploits in connection with the Minot raid. It seems to be a sore subject with the floor leader.

GOVERNOR IS BACK—Governor Frazier is on the job once more after spending two weeks in the train of President A. C. Townley and Organizers Bowen and Thomason, stumping the state in the interests of the Nonpartisan league.

HEARING AT FRED—The state railway commission will conduct a hearing at Freda on June 26 to determine whether the Milwaukee line should be required to establish a station at that point.

MAY LOSE RATES—North Dakota railroads are in a quandary as to what is to be done under senate bill 77, the league's new distance tariff measure, with the hide concentrating rates which have been enjoyed by Minot and Bismarck. These favorable rates have assisted local dealers in overcoming twin city competition and have resulted in the building up of good business at these

two points. The league tariff bill says they are all wrong and that the railroads must raise their rates to the old standard and again send this business outside the state. It is probable, therefore, that the railways will cancel the concentrating rates.

ON AGAIN; OFF AGAIN—The biggest and best governor North Dakota has ever had, after devoting all of two days to affairs of his office—the first two of the present month—is off again this evening to address a pow-wow of Townley-Bowen-Thomason disciples at Spiritwood lake, Jamestown.

BURLEIGH COUNTY BOARD—Secretary Sells of the state efficiency commission yesterday advised John A. Graham, C. C. Hibbs and W. J. Prater of their appointment as members of the Burleigh county efficiency commission. The board met yesterday and named Mr. Prater chairman. The committee will name deputies in every township to look after the labor situation.

BOARD MEMBERS HERE—Berndt Anderson of Churches Ferry and Simon J. Nagel of Morton county, who succeed R. S. Lewis and Sylvan L. Olson, respectively, as members of the state board of control, are in the city today in consultation with Governor Frazier and members of the board. Chairman Lewis' term has been held by the attorney general to expire June 20, but Mr. Anderson has advised that he is not yet certain whether he will take office then or wait until July 1, when Mr. Olson's membership expires. This matter probably will be threshed out today.

RAPID TACH-A-TRACTOR MAKES GOOD—Something new and really up to date was on trial near Fort Lincoln yesterday afternoon. The Rapid Tach-a-Tractor applied to a Ford auto pulled two 14-inch plows 7 inches deep, with ease and power to spare, while the "plowman" sat on cushions under the shade of his Ford top and enjoyed the scenery.

This is sure farming "a-la-mode" and it looks like a boon for the farmer when the harvest season arrives.

More work accomplished at less expense and with greater ease.

Licensed to Wed—A marriage license was issued Monday by Judge Bradley to Arthur Bjorhus, Winnett, Mont., and Belle May Livingston, Driscoll.

Was Best Ever—The Valley City convention was the best in the history of the North Dakota Volunteer Firemen's association, said State Fire Marshal H. L. Reade, secretary of the association, on his return to the capital this morning. "The program," said Mr. Reade, "included some of the best speakers we have ever heard, and they all discussed subjects of importance in considering fire prevention. Prof. Ariand D. Weeks, dean of education at the Agricultural college; Alexander Carr of Jamestown; Harry Curran Wilbur of Fargo and Arthur M. Seekell of Fargo, all made us fine talks. Mr. Wilbur's subject was, 'The Service That Saves the Nation.' On motion of the secretary, \$100 of the association funds was invested in Liberty bonds; \$100 in the American Red Cross, and 1,000 pounds of flour were contributed to the Children's home at Fargo. Owing to war conditions, the question of holding a convention in 1918 was left in the hands of the board of trustees.

Paintings and Tapestries—The relative value of paintings and tapestries at the very time that tapestries were being produced in large numbers—the fifteenth century, when weavers of Arras, Lille, Tournai, Brussels, Bruges and Paris, to say nothing of those of Italy and Spain, were turning them out in profusion—may surprise some unacquainted with the history of weaving. Pope Leo X paid to Raphael the equivalent of \$10,000 for the ten panels of the Apostles, and Peter Van Aelst, the Brussels weaver who converted the design into cloth, received \$150,000. This suite, as now preserved in the Vatican, is valued at a million and a half, although much of its color has faded. But while Raphael probably executed his paintings in six months, it took Van Aelst and his assistants four years to finish them on the looms, while, of course, the intrinsic value of the gold thread and other loom materials was considerable.

BURLEIGH COUNTY COMMISSION WILL SUPPLY LABORERS

Member of Efficiency Board Announced for Every Township as Local Agent

FARMERS ASKED TO MAKE WANTS KNOWN PROMPTLY

The Burleigh county committee of the state efficiency commission, W. J. Prater, John A. Graham and C. C. Hibbs, today announced the appointment of labor agents in every township in the county. These township chairmen will act as local representatives of the efficiency commission in ascertaining labor needs and supplying them. They report to the county board; the county board to the state commission, whose secretary, Oscar J. Sells of Jamestown, has as his aide R. J. Leth, an expert from the United States department of agriculture. Messrs. Sells and Leth are in touch with the labor supply in all parts of the country, and they hope to be in position to fill North Dakota's needs as fast as they develop.

Burleigh county efficiency commission representatives, the township they represent and where they may be addressed follow:

S. J. King, Moffit; Fred W. Hinsey, Moffit; Geo. Morrison, Brittin; J. W. Teachout, Glencoe; J. W. Burch, Stewartdale; Charles Swenson, Bismarck; C. L. Syverson, Driscoll; W. E. Rawlings, Sterling; Edward Adams, Moffit; Robert R. Boyd, Menoken; F. J. Fox, Bismarck; J. R. Falconer, Bismarck; F. D. Woodworth, Driscoll; D. C. Poindester, Sterling; S. R. Day, McKenzie; Emil Lere, Menoken; David Trygg, Bismarck; E. A. Green, Bismarck; B. F. Pasley, Driscoll; John Beyer, Driscoll; Charles G. Porter, McKenzie; Warren C. Clark, Frances; Frank Johnson, Bismarck; Ole Sather, Bismarck; Lynn W. Sperry, Bismarck; Bertram N. Lein, Arena; L. C. Holmes, Wing; C. O. Kell, McKenzie; F. C. Nelson, Baldwin; H. W. Little, Baldwin; W. E. Lipp, Baldwin; C. F. Lambert, Arena; G. Olgerson, Wing; Emil Moses, Wing; C. E. Newcomer, Regan; Axel Olson, Wilton; E. A. Williams, Jr., Wilton; Grant Palms, Wing; Alex. Soder, Wing; Charles F. Lindsey, Regan; Walter Graham, Regan; William Love, Wilton; Harry Ulfers, Wing; Frank Blake, Wing; Nels M. Christensen, Wing; D. E. Mattis, Regan; Harry Talin, Wilton.

RAILWAY COMMISSION ISSUES NEW STORAGE TICKET ACT REQUIRES

Protection Sought for Owner of Grain in Revision of Form Announced Today

A revised form of storage ticket act required by an act of the last legislature has been approved by the state railway commission, and copies of the new form with an explanatory note have been mailed all elevator companies and representative grain shippers in all parts of the state.

The changes made in the new form consist of added sections providing that if the receipt is issued for grain of which the warehouse man is owner, either solely or jointly or in common with others, the fact of such ownership must be stated; and that the amount of the advances made and liabilities incurred for which the warehouse man claims a lien on the grain must be designated.

The uniform warehouse receipts act adopted by the last session of the legislature provides that if a negotiable receipt is issued for goods, including grain, the warehouse man shall have no lien thereon, except for charges for storage of these goods subsequent to the date of the receipt, unless the receipt expressly enumerates other charges for which a lien is claimed.

Every storage ticket after July 1 must contain a certificate showing that the grain has been inspected, graded and weighed by a deputy state inspector of grades, weights and measures.

SATISFACTION

Its sewed into every garment we sell no matter what the price may be. You're assured of one thing—your money is always ready if you are not satisfied.

Closed Sundays and Evenings except Saturdays

CITY NEWS

Capt. Belk Ill—Capt. J. M. Belk of this place has entered the St. Alexius hospital for treatment.

Here From Minot—M. E. Yarger of Minot is among the business visitors in the city this week.

In Hospital—Miss Alice Johnson of Wilton, a teacher in the Grand Forks public schools, has entered a Bismarck hospital for treatment.

Church Society Meeting—The Sewing Circle of St. Mary's pro-cathedral will meet Thursday afternoon in the Knights of Columbus hall. Mrs. Frank Geiermann will be the hostess.

Leaves For Home—Miss Grace Clough, who had been visiting her brother, Harry Clough, of the state railway commission, left this morning for Steele, where she will spend two weeks with friends before returning to her home at Aneta.

To Get Crossing—The state railway commission was advised by the Northern Pacific today that material for the Villard street crossing in New Rockford has been ordered, and that the work petitioned for will proceed without further delay.

In Valley City—Mr. and Mrs. F. Holmboe, the former of the Publicity Film company, Mr. Oumitt and Mr. Andresen of the same company, are in Valley City this week taking pictures of the many festivities of the Valley City State Normal school. Mr. Andresen will also attend the Norwegian convention while there.

To Attend Convention—Mrs. G. R. Squires and Miss Albertine Smith of the Presbyterian church Sunday school are delegates to the state Sunday school convention which convenes in Fargo Thursday and lasts through Saturday. Miss Florence Anderson, the 13-year-old Bible prodigy, will compete in a Bible contest. Miss Florence has memorized 25 chapters of the Bible.

Engineer Returns—State Engineer Jay W. Elias is home from Wahpeton, where he addressed the state association of county auditors, proceeding thence to Cathay, where he met with township officers and county commissioners to discuss highway improvement. Much interest is being shown in the new road dragging law, which becomes effective July 1 and allows each township to levy not to exceed \$15 the mile for the dragging of township roads.

St. Alexius Notes—Among the recent patients to enter the St. Alexius hospital are: Joseph Schwartzbauer, St. Anthony; Mrs. C. C. Smith, Stan-

ton; H. G. Thompson, Warner; F. J. Reesler, Mandan; Mrs. Frank Geisinger, Strasburg; Master Theodore Jabner, City; Mrs. Clinton Gaskill, Sterling; Mrs. Chris Geisler, Ashley; Mrs. Louis Parker, Hanover; J. J. Messmer, Richardson. Those to leave the hospital were: Master Ralph Sather, Garrison; Mrs. E. G. Metz, Wishek; Master George Claridge, Chisnook, Mont.; Olga Ederanko, Max.

To the Wife of One Who Drinks

I have an important confidential message for you. It will come in a plain envelope. How to conquer the liquor habit in three days and make home happy. Wonderful, safe, lasting, reliable, inexpensive method, guaranteed. Write to Edw. J. Woods, 1423 N. Station 1, New York, N. Y. Show this to others.

To Thoughtless Men

Don't the wife deserve modern tools for her work too?

Many a man farmer, artisan or business man alike buys the most modern tools for his work and lets his wife go on working over a stove that was out of date thirty years ago.

It's not selfishness—it's thoughtlessness—and this appeal is to make you think.

A MONARCH Malleable Range in your kitchen would make a wonderful difference in your wife's house work.

It would make the work hours fewer and pleasanter.

Drop in and see this most modern of Ranges or better yet send her and say, "go as far as you like."
